

Wonderland TV

Smart IPTV Setup Guide

- 1) Download the Smart IPTV App from the App Store
- 2) Login to your account on our website <http://wltv.me>
- 3) You must have subscribed to continue generation of credentials can take a few hours
- 4) Navigate to the subscriptions section and you will see your active subscription
- 5) Choose the view button and you will see a section called Subscription Updates
- 6) Under that section will be the playlist URL that you need to setup your App
- 7) Copy the playlist URL and navigate to <https://s iptv.app/mylist/>
- 8) Enter your TV MAC address into the box and the playlist URL we provided into the m3u or TXT Playlist Box
- 9) Tick the save online box, complete the captcha and hit send to update your TV

That's all that's required to get you up and running.

If your stuck and require help with this setup you can send an e-mail to wltv@xmail.im with a photo of your TV MAC address and we will update it for you.

Kind Regards

Wonderland TV Team
